

Pumpkin Graphs

Objective:

Students will create a seasonal graph.
Students will be able to interpret information from the graph.

Materials:

Paper pumpkins (cut out or drawing) about 3 inches around.

Crayons

Scissors

Chart paper

Procedure:

1. Have students use crayons to create jack-o-lantern faces on their pumpkins.
2. If students are cutting out their own pumpkins, have them do so.
3. Label chart paper with columns for happy, sad, scary, funny.
4. Have students put their pumpkin in the appropriate column on the graph.
5. Talk about how many students chose sad faces, scary faces, etc.
6. Ask which kind of face had the most, and which had the least.
